

## **Aerial Lift Train the Trainer Chandler**

Aerial Lift Train the Trainer Chandler - The train the trainer program designed for aerial lifts helps to teach the trainers how to safely train prospective operators in an industrial situation. Trainers would be given in-depth instruction on the workings of aerial lift equipment. The program is provided on an open enrollment basis and delivered at select training places. Prior to certification, trainers are assessed and graded based on their demonstrated skills and knowledge.

The Aerial Lifts Train the Trainer Certification Program focuses on practical learning and as the top training provider within the industry, we offer top notch hands-on training. We offer a lot of opportunities to practice the techniques and concepts which are taught within the classroom. Together with hands-on experience, trainers develop general knowledge of instructional methods and machine theory, classroom and field communication skills, and ability to successfully train and evaluate operators. Trainers will gain knowledge of what traits make a successful trainer.

The Aerial Lifts Train the Trainer Program likewise teaches the correct methods needed in order to express the correct information in the classroom and field environment. There are three factors of machine operation which the trainer must learn how to convey to operators: what to do; how to do it; and the reason why it has to be carried out.

The program offers detailed, up-to-date reference material in order to help trainers convey the subject matter to equipment operators. Manuals include detailed information about all aspects of industrial mobile machine operator training. Included within the package are training aids which provide a visual reference in order to enhance the learning experience. The equipment-specific training products contain important materials intended for both the trainer and the operator: videos/DVD's, overhead transparencies, kinds of equipment, safety message posters; stability pyramids and digital training aids.
